

Wireless Sensor Networks: theory and practice

NTMS'2008 Wireless Sensor Network workshop focused on the advances of Wireless Sensor Network and its applications. It is an opportunity for all the participants to exchange theory and practice of WSN in different application areas. Authors are invited to submit high-quality papers describing original and previously unpublished contributions in the Wireless Sensor Networks (theory and practice) in the following topics:

- Real-time operating system and middleware support
- Energy-efficient wireless sensor network hardware
- Cross-layer design and optimization methods
- Energy-efficient embedded protocols including MAC layer
- Integrated Environment Development (WSN IDE)
- Management, Auto-configuration, Fault-tolerance and reliability
- Application, Measurements and practical experiences
- Quality of Service and Security ...

IMPORTANT DATES:

September 7, 2008:	Submission of full papers (less than 6 pages)
September 30, 2008:	Notification of acceptance
October 01, 2008:	Registration
October 07, 2008:	Camera-Ready Papers Due for publication in the Final Edition of the proceedings.

Please contact Kun Mean HOU (kun-mean.hou@isima.fr) for more information.

NTMS'2008 will be held in Tangier, Morocco on the 5th-7th November 2008. This Conference is technically sponsored by IFIP TC6 WG and IEEE Morocco.

To access the full list of topics, submission guidelines, as well as venue and travel information please visit: www.ntms-conference.org

Technical Program Committee

1. Dr. Kun Mean HOU (University Blaise Pascal Clermont-Ferrand, FRANCE) chairman,
2. Dr. Jian-Jin LI (Université Blaise Pascal Clermont-Ferrand, co-chair, FRANCE)
3. Dr. Christophe de VAULX (Université Blaise Pascal Clermont-Ferrand, co-chair, FRANCE),
4. Dr. Mohamad BADRA (LIMOS, France)
5. Dr. Thomas BRÄUNL (University of Western Australia, Perth)
6. Dr. Jean-Pierre CHANET (CEMAGREF, France)
7. Dr. André DITTMAR (INSA de Lyon, France)
8. Dr. Ozgur ERCETIN (Sabanci University, Istanbul, TURKEY)
9. Dr. Eric FLEURY (ENS, INRIA, Lyon)
10. Dr. Jiang HAO (Wuhan, China)

11. Dr. Hao HE (SIMTech, Singapore)
12. Dr. Snoussi HICHEM (Université de Technologie de Troyes, France)
13. Dr. *Youssef IGUIDER* (SRI *International*, Japan)
14. Dr. Ariane ISOARD (EADS-ASTRIUM, France)
15. Dr. Ahmed KHOUMSI (Université de Sherbrooke, Canada)
16. Dr. Alexander KRÖLLER (Technische Universitaet Braunschweig, Germany)
17. Dr. Jacques LECOQ (LPC, IN2P3 CNRS, France)
18. Dr. Mahmoud MERIBOUT (OMAN University, OMAN)
19. Dr. Edwige PISSALOUX (UPMC-Paris VI, France)
20. Dr. Fadlee RASID, (Universiti Putra Malaysia, Selangor Malaysia)
21. Dr. Jang-Ping SHEU (National Tsing Hua University, Taiwan)
22. Dr. Hong SUN (Wuhan University, China)
23. Dr. Sungwoo TAK (Pusan National University, Korea)
24. Dr. Xiaozong YANG (Harbin Institute of Technology, China)
25. Dr. Haiying ZHOU (Harbin Institute of Technology, China)
